CALPIA DENTAL SERVICES

CALPIA Dental Services

CALPIA Dental Lab is located at Central California Women's Facility (CCWF) in Chowchilla, California.

Dental services to the California Department of Corrections began August 1992 and have been expanded to include Juvenile Justice and various State and County hospitals.

The laboratory maintains a complete dental prosthesis selection ranging from custom trays, bite blocks, try-ins, night guards, partial and full dentures and cast metal framework.

CALPIA is committed to providing exceptional value, consistent quality and excellent customer service.

CALPIA Dental Services Include:

- Consulting with the dentist to solve problems quickly
- Monthly performance reports for the Chief Dental Officer
- Prescription forms
- RUSH order services upon request
- Proper shipping methods
